

## PE and Sports Premium for Primary Schools – 2018/19

In 2018/2019 Simpson's Lane Academy will receive the sixth annual instalment of PE funding. The funding will be used in a variety of ways to further improve and develop teaching and learning across the whole academy as well as encourage pupils to continue to lead healthy lifestyles, enjoy PE and Sport and experience a broader range of sports. They will be encouraged to take part in competition and aim for sporting excellence. Throughout the academy we have employed a specialist teacher to work alongside our teachers to develop their skills and knowledge to enhance the quality of the teaching of physical education.

Having already seen impact of the funding from the previous five years we expect for this additional funding to have continued and sustained impact on provision of PE and sport within our academy. Learning walks, lesson observations and monitoring have identified the following areas to address in PE coaching this year: high quality coaching in KS1 and KS2, increased awareness of healthy lifestyles, increased quality of games and sports to build up stamina, and increased participation in after-school clubs. Pupils will also have many opportunities to participate in competitive events in various locations.
